I've got a hole in my pocket  
I've got a dollar in my hand  
I've got a hole in my pocket  
I've got a dollar in my hand  
I've got my wheels on the highway  
And a long night ahead

Well my babe she's gone  
I've got the blues today  
Well my babe she's gone  
I've got a hole in my heart  
I'll ride the end of horizon  
Up to the gates of hell

You see that blue moon above  
She says come back to me  
And the desert gets cold  
Missing you so bad

I want to hold you in my arms  
I wanna kiss your lips  
I want to hold you in my arms  
I wanna kiss your pretty lips  
The sun is gonna rise  
And I'll be on my way

You see that blue moon above  
She says come back to me  
And the desert gets cold  
Missing you so bad

I've got a hole in my pocket  
I've got a dollar in my hand  
I've got a hole in my pocket  
I've got a dollar in my hand  
I've got my wheels on the highway  
And a long night ahead
